Introduction :

Nepal is an ancient land with a rich cultural heritage. Craftsmanship and tradition has been handed down from generation to generation producing a rich array of handcrafted goods and knitted products using wool, hemp, cotton & silk.

About us :

Since 1972 Tibetan Wool Crafts (TWC) has been a pioneering expert in Nepal's knitting industry. Our specialty is wool. Government registered in 1980, TWC was initially organized by our dynamic founder Mr. Jagat Jyoti Shakya. From humble beginnings our business has grown well beyond our expectations. Energy, dedication and creativity have made us the unique company that we are today.

Objective :

To offer customers the finest quality product and service; to research and sustain the traditional craftsmanship and skill of remote locations, which are rapidly disappearing. We provide employment to physically disabled, economically challenged and underprivileged men and women. Promoting their self-sufficiency, we offer them the opportunity to develop knitting and weaving skills.

range of fashionable colors. The unprocessed wool fibers are gently combed with carding tools, hand spun and rolled into balls for knitting.

2) **New Zealand Wool:** To fulfill consumer demand, high quality New Zealand Wool is now available in our product line.

Materials:

1) **Tibetan wool:** The Tibetan lines of Himalyan sheep have been bred over hundreds of years by local families. The cold, wet climate and high altitude are the perfect conditions for native sheep to grow their long, thick coats of wool. This imported Tibetan raw wool is hand sorted into different natural shades of ivory, grey, brown & black. This wool is dyed into a beautiful
